PURPOSE: General business of the Daytona State College District Board of Trustees which will include the annual adjustment of classroom laboratory fees; proposed increases to assessment and graduation fees.

Daytona State College has not increased standard tuition and fees for 16 years as of fiscal year 2026-27. DSC was the only public college in Florida to reduce tuition by two percent in 2015 and has maintained that reduction ever since. Tuition and fees are expended as authorized in Florida Statutes, including supporting the mission of the college and its operational needs. Other student user fees are reviewed annually and adjusted accordingly based on actual costs of providing the related services.

Classroom laboratory fees are reviewed annually and are adjusted to reflect the actual cost of classroom materials and services. Details by course on the recommended deletions, decreases, increases and new lab fees have been included as an attachment to this meeting notice.

The proposed fee increases are strictly covering the increase in related costs to provide such services. Proposed fees have been included as an attachment to this meeting notice.

Please visit www.daytonastate.edu for meeting notices, agendas, minutes, and audio. Public participation requests may be emailed to Lynn.Mercer@daytonastate.edu prior to the meeting date.
