

FLORIDA RESIDENCY DECLARATION FOR TUITION PURPOSES

DAYTONA STATE COLLEGE

As a public institution, Daytona State College has two tuition rates. One rate is designed for students who meet the qualifications for Florida residency for tuition purposes. The other is a higher, non-resident tuition rate. *Documents used for establishing residency are due in the Admissions Office by the first day of classes.* Failure to submit all required documents will result in the assessment of the full cost of tuition for classes.

A Florida “resident for tuition purposes” is a person who has, or a dependent person whose parent or legal guardian has, established and maintained legal residency in Florida for at least twelve (12) consecutive months preceding the first day of classes of the term for which Florida residency is sought. ***Living in or attending school in Florida will not, in itself, establish legal residence. Students who depend upon out-of-state parents for support are presumed to be legal residents of the same state as their parents.*** Residency for tuition purposes requires the establishment of legal ties to the State of Florida. A student must verify that the student has broken ties to other states if the student or, in the case of a dependent student, his or her parent has moved from another state. There must be an absence of conflicting information (ie. a lack of Florida identification, ties to another state, etc.) . Residency determinations are made in accordance with section 1009.21 of the Florida State Statutes and State Board Rule 6A-10.044 which outlines the legal parameters for establishing residency for tuition purposes.

- Residence in Florida must be a bona fide domicile rather than for the purpose of maintaining a residence incident to enrollment at an institution of higher education.
- To qualify as a Florida resident for tuition purposes, you must be a U.S. citizen, a foreign national in a nonimmigrant visa classification that grants you the legal ability to establish a bona fide domicile in the United States, a permanent resident alien, parolee, asylee, Cuban-Haitian entrant, legal alien granted indefinite stay by the U.S. Citizenship and Immigration Services, or other qualified alien as defined under federal law.
- Other persons not meeting the twelve-month legal residence requirements may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature pursuant to section 1009.21, Florida Statutes (see “*Qualification by Exception*” on the last page).
- All other persons are ineligible for classification as a Florida “resident for tuition purposes.”
- Living in or attending school in Florida will not, in itself, establish legal residence. Students who depend upon out-of-state parents for support are presumed to be legal residents of the same state as their parents.

NON-FLORIDA RESIDENT

I **do not** qualify as a Florida resident for tuition purposes for the term for which this application is submitted. I do not have to complete any further portion of this form, with the exception of signing below. I understand that should I qualify for a future term, it will be necessary for me to submit an updated Residency Declaration while providing prescribed, supporting documentation to substantiate as “reclassification” of my status. I understand being classified as a non-Florida resident will not exclude me from the possibility of receiving a waiver to cover part or all of the out-of-state fees as defined in s. 1009.26, Florida Statutes. Submission of an updated Residency Declaration and the required three forms of documentation must occur prior to the beginning of the term for which residency is sought.

TO BE COMPLETED BY THE STUDENT SEEKING FLORIDA RESIDENCY FOR TUITION PURPOSES:

I qualify as a resident for tuition purposes for the term for which this application is submitted. I understand that it will be necessary for me to present evidence of residency for tuition purposes, supporting my claim as a Florida resident for tuition purposes. I have read the residency information on qualifying as a dependent or independent student, and declare that: (select one of the options below)

- I am a **dependent student** in that I am under 24 years old and eligible to be claimed as a dependent under the federal income tax code by the claimant below. The claimant is my “parent” (i.e., either or both parents of the student, any legal guardian of a student, or any person in a parental relationship to the student). My parent has maintained legal residence in Florida for at least the past 12 consecutive months. A “legal resident” or “resident” means a person who has maintained his or her residence in this state for the preceding year, has purchased a home which is occupied by him or her as his or her residence, or has established a domicile in this state. A copy of your parent’s tax transcript may be requested to establish dependence.

- I am an **independent person** who has maintained legal residence in Florida for at least the past 12 consecutive months. I provide more than 50% of my own support. An independent student generally includes a person who is:
 - at least 24 years old
 - married
 - a graduate or professional student
 - a veteran, a member of the armed forces
 - a ward of the court
 - someone with legal dependents other than a spouse, pursuant to the United States Department of Education for the purposes of federal financial aid eligibility.

There may be limited cases where a person under the age of 24 years old may qualify as an independent student. Such students will be required to verify independence (including financial independence.) A copy of your tax transcript may be requested to establish independence.

*If the student is a qualified beneficiary under the terms of the Florida Prepaid College Program, complete page 1, sign page 3, and select the first option on page 4.

No single document shall be conclusive in establishing residency. Additional documentation, other than what is prescribed, **may be** requested in some cases.
