Course Success Rates

Part I

Course success rates are defined by any student that attempted the course and passed the course with a C or higher. This data is evaluated annually during Assessment Days for each program and department. This information is also presented by campus, delivery mode, and by session and sub-sessions.

Source: Office of Institutional Research

Goal: A 2% increase from the previous year's success rate

Threshold of Acceptability: ≥ 70%

For a sample of course success rates presented to departments, please see below.
