Counseling and Accessibility Services believes the importance of promoting healthy lifestyles through a holistic perspective that emphasizes education and prevention. CAS Counselors are available to collaborate with faculty, staff, and administration to provide wellness programming and consultation on a wide variety of health and wellness topics that promote healthy lifestyle choices and responsible decision making. CAS also coordinates wellness events across campus and provides resources and referrals for the college community.

Contact CAS to conduct presentations for students at any time or in place of canceled classes.

[? What is ACUE?](#)

Attention all faculty & instructional staff ...

Daytona State College is excited to introduce you to ACUE's latest set of courses, the [AI Quick Study Series!](#) These foundational courses are perfect for educators who are looking to gain practical insights and a solid foundation in generative AI. Information provided in the lessons include real-world applications and strategies that help you plan your approach to integrating these tools into teaching and learning.

To register, use the following link: [Quick Study Registration](#). Please note: The AI Quick Study Series courses are free to access, and do not require you to submit payment for a subscription.

Should you need assistance with registration, please contact the Center for Innovative Teaching & Learning (CITL), [citl@daytonastate.edu](mailto:citl@daytonastate.edu).
